II. Purpose

The purpose of this policy is to provide guidelines for general education requirements at Southside College of Health Sciences (SCHS).

III. Scope

This policy applies to all students of (SCHS).

IV. Definitions

None

V. Policy Details

GENERAL EDUCATION REQUIREMENTS

These courses are required to provide the student with a solid foundation in liberal education. Questions regarding the transferability of general education courses should be addressed with the Office of Student Services. Students are required to satisfactorily complete all general education courses with a “C” or better.

Social Consciousness

The development of social consciousness is crucial to producing well-informed and capable citizens who can participate productively in society,

with openness and awareness of others outside one's own work, with an understanding of the past in order to build a fair, opportune, and sustainable future, and with appreciation of interconnections and how local actions affect the global environment.

Elective coursework in the social consciousness category can include: History, Religion, Business, Economics, Psychology, Sociology, Political Science, Women's Studies, Anthropology, Public Policy. The following courses are required in this cluster:

- General Psychology
- Developmental Psychology

Creative Aesthetic

The development of a creative aesthetic includes the ability to be flexible and take intellectual risks. The intrinsic value of creativity promotes skills such as problem solving, perseverance, and dedication. The ability to work with others and to both generously consider and critically examine the thoughts, goals, and values of others as well as one's own are fundamental to the creative aesthetic.

Elective coursework in the creative aesthetic cluster can include: Fine Arts, Graphic Arts, Dance, Photography, Music, Philosophy, Ethics, Literature, Classics, Creative Writing.

Analytical Competencies

The analytical competencies foster the student's capacity for critical thinking, productive and open dialogue, and the ability to proactively solve problems and embrace the challenges of the world. These general education courses are fundamental to the foundation of the health sciences curriculum.

Elective coursework in the analytical competencies cluster can include: Biology, Chemistry, Physics, Lab Science, Natural Science, Ecology, Nutrition, Math. The following courses are required in this cluster:

- Microbiology
- Anatomy & Physiology I
- Anatomy & Physiology II

Connectedness

The development of connectedness enables students to connect and integrate knowledge among the liberal arts and health sciences, in the belief that together the arts and sciences provide comprehensive insight into our world and human condition.

Elective coursework in the connectedness cluster can include: Communication, Public Speaking, Foreign Language, Medical Terminology, Computer literacy. The following courses are required in this cluster:

- English I
- English II

Elective

A broad-spectrum of elective coursework expands liberal education. This provides a venue for the student to explore their intellectual curiosity and foster their ability to apply an array of theories and concepts which encourage the examination of multiple perspectives and ways of thinking.

Elective coursework in this cluster can include a wide variety of course credit.
