

Southside College of Health Sciences

2022 ANNUAL SECURITY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Southside College of Health Sciences ("College" or SCHS) with information on: the College's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Director of Compliance and Risk Management in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Monique Bates, Southside College of Health Sciences, 430 Clairmont Court, Suite 200, Colonial Heights, VA 23834, (804) 765-5800. The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The College does not have a campus security or police department.

While the College does not have any written agreements with local law enforcement agencies, it does maintain a close working relationship with local police and Southside Regional Medical Center (SRMC) security. Additionally, the Southside Regional Medical Center security officers performs vehicle patrols of parking lots and surrounding areas. Southside Regional Medical Center's security office also provides general campus safety services.

Campus Security Authorities

The College has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The campus security authorities to whom the College would prefer that crimes be reported are listed below.

- Safety Committee Chair at Kimberly_Yeager@bshsi.org
- Campus Director & Dean of Academic Affairs at Cynthia_Swineford@bshsi.org
- Program Director, Nursing at denise_dicicco@bshsi.org
- Associate Director, Nursing at lindy_edwards@bshsi.org
- Program Director, Radiologic Technology at Stacey_shell@bshsi.org
- Program Director, Diagnostic Medical Sonography at Ziffie_thomas@bshsi.org

Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the College, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near SCHS property should be reported immediately to any of the Campus Security Authorities listed above. The number to contact is (804) 765-5800 during regular business hours. A dispatcher is available 24/7 at (804) 765-5555.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.
- Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a College staff member will assist in making the report to police.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's Title IX Sexual Harassment Policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the College disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority.

Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The College does not employ any pastoral or professional counselors but does contract with the StudentLife to provide counseling support.

The College does not have pastoral counselors, and it does not have procedures that encourage its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics.

Security of and Access to Campus Facilities

Access to the buildings is only allowed for faculty/staff members and students who are accompanied by faculty/staff members after hours. Faculty, staff members, and students are issued a college ID badge for entry into the building during operating hours.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

Southside Regional Medical Center Facilities Department works with the Manager of Building Operations at the college to identify maintenance issues on campus that may be safety hazards. Safety checks are completed to identify street or safety lights that are not functioning properly, or to determine if shrubs or other landscaping might need trimming. Maintenance personnel regularly check to ensure there is adequate lighting on pathways and that egress lighting is working in hallways and stairwells.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

The College provides information at the beginning of each academic term for students and employees regarding the College's security procedures and practices. This information is in the form of posters and other displays. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others and practices regarding timely warnings and emergency notifications.

Crime prevention literature is distributed each semester by Student Services. In addition, email blasts are periodically sent out to students and employees with crime prevention and other safety tips, and pamphlets on crime prevention are available in the Office of Student Services.

Monitoring Off Campus Locations of Recognized Student Organizations

The College does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The College is committed to creating and maintaining an environment that is free of alcohol abuse. The College prohibits the possession, use, and sale of alcohol beverage on campus or as any part of the College's activities, unless it is done so in accordance with applicable College policies, and it also enforces the state's underage drinking laws.

The College also enforces federal and state drug laws. The possession, sale, manufacture or distribution of illegal drugs is prohibited on campus or as any part of the College's activities. Code Ann. § 23.1-806.A): "Sexual violence" means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent.</p>
Consent (as it relates to sexual activity)	The institution has determined, based on good-faith research, that Virginia law does not define the term consent (as it relates to sexual activity).

College Definition of Consent

The College uses the following definition of consent in its Title IX Sexual Harassment Policy for the purpose of determining whether sexual misconduct (including sexual assault) has occurred:

Words or actions that show a knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, by ignoring or acting in spite of the objections of another, or by taking advantage of the Incapacitation of another, where the accused student knows or reasonably should have known of such Incapacitation. Consent is also absent when the activity in question exceeds the scope of Consent previously given.

If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard or being asleep or unconscious.

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.

- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.

- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

Sexual misconduct prevention and sexual awareness programming are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- The College utilizes the SafeColleges web application as its primary prevention campaign. SafeColleges allows students and associates to conveniently complete and revisit a variety of safety and regulatory training modules on topics, including sexual misconduct.
- As part of its ongoing campaign, the College uses a variety of strategies, such as presentations, email blasts with pertinent information, portal announcements, etc. While programming occurs at various times during the year, in collaboration with its parent health system, the College also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

The College encourages students to report sexual assault promptly to local law enforcement agencies by calling 911. The College also urges any person with knowledge of an incident of prohibited conduct to report the incident immediately to the College by contacting the College's Title IX Coordinator or any other College Official by email, telephone during regular office hours or by completing and submitting the Campus Security Authority Reporting form or an anonymous report from the College's website at <https://www.schs.edu/report-crime>. All college administrators are required by law to file an official report.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Southside Medical Center, 200 Medical Park Boulevard, Petersburg, VA 23805 - (804) 765-5000.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Hospital/Campus Security: (804) 765-5555
- Colonial Heights Police Department, 100 Highland Avenue A, Colonial Heights, VA 23934 - (804) 520-9311 or 911
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as

possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Virginia, victims may obtain a Restraining Order or Protective Order, which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about Protective Order may be found at:

http://www.courts.state.va.us/forms/district/info_sheet_protective_order_stalking.pdf.

A protective order may be obtained by filing a petition with the court. In Virginia, there are 3 kinds of Protective Orders that can protect you and others in your family or home:

- Emergency Protective Order (expires at the end of the third day following issuance or the next day court is in session, whichever is later)
- Preliminary Protective Order (lasts 15 days or until a full hearing)
- Protective Order (may last up to 2 years)

Information about filling out a protective order petition form can be found at

<http://www.courts.state.va.us/>.

- A Petition for Order of Protection should be filed for in the City of Colonial Heights General District Court. The address is: 550 Boulevard, Colonial Heights, VA 23834. The phone number is 804) 520-9346. More information is available here:
<http://www.courts.state.va.us/>.

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

Legal Aid Hotline - 1-866-LEGLAID (1-866-534-5243)

Virginia Poverty Law Center (Family & Sexual Violence) - 1-800-868-8752

Virginia State Bar Lawyer Referral Service - 1-800-552-7977

You may also hire an attorney to represent you.

When a protective order is granted, it is enforceable statewide. If you have obtained a protective order and need it to be enforced in your area, you should contact the local police department.

The College will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or associate who has a protective order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the College and can be enforced on campus, if necessary. Upon learning of any orders, the College will take all reasonable and legal action to implement the order.

The College does not issue legal protective orders. However, as a matter of institutional policy, the College may impose a no-contact order between individuals in appropriate circumstances. The College may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Those services include:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. College Resources

- The Student Life Resource Program can provide confidential consultation and referral to students. Student Life services are available by dialing (855) 695-2818 or logging into <https://www.StudentLifeServices.com> (Password: BSMHSTUDENT).
- The Bon Secours Mercy Health (BSMH) LifeMatters program can provide free, confidential counseling and assistance with substance abuse and other issues to associates.
- Student Financial Aid – Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator can assist in facilitating this conversation if desired. The College's financial aid website can be found at: <https://www.schs.edu/about-us/disclosures>.

Accommodations and Protective Measures:

The College will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the College is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or protective measures should be made to the Title IX Coordinator at titleIXcoordinator@bshsi.org, and the Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the College may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the College's ADM 9.06 - Title IX Sexual Harassment, ADM 9.12 – Nondiscrimination, and ADM 3.05 - Student Conduct - Rights and Responsibilities policies and the related complaint resolution procedures. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant and the respondent.

All forms of sex-based discrimination, including sex-based harassment that does not rise to the level of Sexual Harassment as defined in the ADM 9.06 Title IX Sexual Harassment Policy, shall be addressed by the ADM 9.12 – Nondiscrimination Policy. Such allegations should be reported in writing to the Title IX Coordinator and will be fully investigated using a preponderance of the evidence standard within 90 days of the initial report by an appropriate College official. If the investigation determines a violation has occurred, the matter will be referred to the appropriate sanctioning official or body in compliance with ADM 3.05 – Student Conduct – Rights and Responsibilities Policy or the employee conduct standards.

Sexual harassment occurring outside the geographic boundaries of the United States may also be subject to College investigation and sanctioning if such conduct reasonably may be expected to discredit or injure the College or its reputation or that otherwise may endanger the safety and welfare of others. Such violations should be reported to any College faculty or staff member. Within 3 business days of the violation report, the assigned College administrator will review, investigate, and determine sanctions as outlined in ADM 3.05 – Student Conduct – Rights and Responsibilities or employee conduct standards, if appropriate. The complaint resolution procedures are invoked once a report is made in person, by regular mail, telephone, electronic mail, or by any other means to the following individual:

Title IX Coordinator

Dr. Monique Bates
Director of Compliance and Risk Management
804-316-9606
8550 Magellan Parkway, Suite 1100
Richmond, VA 23227
monique_bates@bshsi.org

An electronic form available at <https://www.schs.edu/report-crime> can also be used to file a report.

Within five (5) business days from the time a formal complaint is made and it is determined that the conduct reported could fall within the scope of the policy and/or could constitute Sexual Harassment if investigated, the Title IX Coordinator will provide notice to the parties of the investigation, including a description of the process to be utilized, the identities of the parties, the conduct at issue, and the date and location of the alleged incident.

If the Complainant or the Title IX Coordinator files a Formal Complaint, then the College will commence an investigation and proceed to adjudicate the matter. All formal investigations will be conducted by an College-contracted consultation agency or party.

Within five (5) business days of the Title IX Coordinator receiving a Formal Complaint, the Title IX Coordinator will transmit a written notice to the Complainant and Respondent that includes:

- A physical copy of this Policy or a hyperlink to this Policy;
- Sufficient details known at the time so that the parties may prepare for an initial interview with the investigator, to include the identities of the parties involved in the incident (if known), the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident (if known);
- A statement that the Respondent is presumed not responsible for the alleged Sexual Harassment and that a determination of responsibility will not be made until the conclusion of the adjudication and any appeal;
- Notifying the Complainant and Respondent of their right to be accompanied by an advisor of their choice;
- Notifying the Complainant and Respondent of their right to inspect and review evidence;
- Notifying the Complainant and Respondent of the College's prohibitions on Retaliation and false statements; and
- Information about resources that are available on Campus and in the community.

During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses, including both fact and expert witnesses, and other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Prior to the conclusion of the investigation, both parties will be provided an opportunity to review the evidence gathered

during the investigation that is directly related to the allegations raised in the formal complaint.

Although the length of each investigation may vary depending on the totality of the circumstances, the College strives to complete each investigation within sixty (60) calendar days of the transmittal of the written notice of Formal Complaint.

Upon completion of the investigation, both parties will be given a copy of an investigation report and a live hearing will be conducted to make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. During the hearing, each party's advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions including those bearing on credibility. The decision maker(s) will issue a written determination of responsibility, a statement of any disciplinary sanctions and whether any remedies will be provided to the complainant, and a description of the procedures and permissible grounds for appeal. Although the length of each adjudication by hearing will vary depending on the totality of the circumstances, the College strives to issue the hearing officer's written determination within fourteen (14) business days of the conclusion of the hearing.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the [Campus Director and Dean of Academic Affairs'](#) office within ten (10) days of being notified of the outcome of the investigation. The non-appealing party will be notified of the appeal and permitted to submit a written statement in response within seven (7) business days. The Campus Director and Dean of Academic Affairs will resolve the appeal within fifteen (15) days of receiving it, and may take any and all actions that he/she determines to be in the interest of a fair and just decision.

At any time after the parties are provided written notice of the Formal Complaint, and before the completion of any appeal, the parties may voluntarily consent to engage in mediation, facilitated resolution, or other form of dispute resolution the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the parties. The specific manner of any informal resolution process will be determined by the parties and the Title IX Coordinator, in consultation together. The Title IX Coordinator will then provide, in writing, a notice of the informal resolution procedures, responsible parties, expectations, and consequences. After receiving the written notice, each party must voluntarily provide written consent to the Title IX Coordinator to begin the informal resolution process. Once both parties and the Title IX Coordinator confer, agree, and sign the resolution, the resolution is final. The Formal Complaint allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by the College, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or other misconduct or where required to avoid a manifest injustice to either party or to the College. A party may withdraw their consent to participate in informal resolution at any time before a resolution has been finalized. Informal resolutions are not subject to appeal and may not be entered for employee-involved violation reports.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Such training addresses topics such as the definition of sexual harassment and the scope of the College's education programs and activities. During the Fall 2022 semester, the College's Title IX Coordinator participated in a Title IX training offered by Husch Blackwell whose topics included the following:

- Title IX scope and jurisdiction
- The new regulations' definition of sexual harassment
- Case intake, including reports and formal complaints
- Supportive measures
- Investigations
- Hearings
- Appeals
- Informal resolution and alternative dispute processes
- Managing conflicts of interest and bias
- Confidentiality

The entire slide deck of this training which was titled "Title IX and Sexual Harassment Response Training" is available on the College's website at <https://www.schs.edu/about-us/disclosures>

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in SCHS's disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, SCHS may impose a sanction depending on the mitigating and aggravating circumstances involved. Associates, non-associates, students, contractors, guests and other members of the SCHS community are subject to the full range of SCHS discipline including verbal reprimand; written reprimand; mandatory training, coaching or counseling; mandatory monitoring; partial or full probation; partial or full suspension; fines; permanent separation from the institution (i.e., termination or dismissal); physical restriction from SCHS property; cancellation of contracts; and any combination of the same. If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. A SCHS associate may be suspended for any length of time determined appropriate by Human Resources. Following a suspension, the individual will be required to meet with the Dean of SCHS or the SCHS Program Coordinator in collaboration with Human Resources (associate) to discuss re-entry and expectations going forward.

In addition, the College can make available to the victim a range of protective measures. They include: forbidding the accused from communicating with the victim, other institutional no-contact orders, security escorts, modifications to academic requirements or class schedules, changes in working situations, etc.

Publicly Available Recordkeeping:

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the College that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or

off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Colonial Heights Police Department at Colonial Heights Police Department. State registry of sex offender information may be accessed at the following link: <https://sex-offender.vsp.virginia.gov/>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Campus Director & Dean of Academic Affairs & Dean of Academic Affairs, Cynthia_Swineford@bshsi.org Admissions Director, Susan_Jarvis@bshsi.org Manager of Building Operations, Rochelle_Upshur@bshsi.org Dean of Administration, Benjamin_Djeukeng@bshsi.org Dean of Student Affairs, Leslie_Winston@bshsi.org constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Safety Committee Chair, Kimberly_Yeager@bshsi.org
- Campus Director & Dean of Academic Affairs, Cynthia_Swineford@bshsi.org

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

Emergency Response

The College has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to tornadoes, bomb threats, chemical spills, disease outbreaks, fires, and active shooters. The College has communicated with local police as well as its parent hospital's Director of Safety Security & Disaster

Preparation requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify the Director of Safety Security & Disaster Preparation at Director of Safety Security & Disaster Preparation of any emergency or potentially dangerous situation.

The Campus Director & Dean of Academic Affairs & Dean of Academic Affairs will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

Once the emergency is confirmed and based on its nature, the Campus Director & Dean of Academic Affairs & Dean of Academic Affairs of the College will consult with other appropriate College officials to determine the appropriate segment or segments of the College community to be notified.

The Campus Director & Dean of Academic Affairs & Dean of Academic Affairs, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The Manager of Protective Services/Environment of Care, Emergency Preparedness & Communications will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

At the direction of the appropriate members of the Richmond Higher Education Institutions Leadership Team, the Campus Director & Dean of Academic Affairs & Dean of Academic Affairs will notify local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the College issues a timely warning or emergency notification to the campus community.

Method	Sign Up Instructions
Canvas Learning Management System	Via Canvas messenger from the Director of Student Services or the Safety Committee Chair
Associate and Student Bulletin Board	Emergency Preparedness instructions are posted on associate and student bulletin boards
RaveAlert Emergency Notification System for associates	Via email from the Manager of Business Operations at the beginning of each Fall and Spring semester or upon new hire, associates are asked to update their emergency contact information in the RaveAlert mass notification system through the health system's ERP Workday.
Campus Nexus Student Information System for students	Via email from Dean of Administration at the beginning of each Fall and Spring semester, students are asked to update their emergency contact information in their Student Portal account.

Testing & Documentation

The College tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Emergency Management Team will meet to train and test and evaluate the College's emergency response plan.

The Director of Safety Security & Disaster Preparation maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will distribute to its students and employees information to remind them of the College's emergency response and evacuation procedures.
