I. Mission, Vision and Values

This policy reflects our commitment to human dignity, integrity, compassion, stewardship, and service by guiding decisions and actions that uphold respect for all individuals and promote excellence in our work.

This policy aligns with our mission of extending the compassionate ministry of Jesus by improving the health and well-being of our communities and providing good help to those in need, especially the poor, dying, and underserved by ensuring that our practices support ethical, effective, and accountable service across all areas of the organization.

II. Policy

It is the policy of Bon Secours Southside College of Health Sciences (SCHS) to issue emergency notifications, timely warnings, and to report certain crimes in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act).

III. Purpose

Under the Clery Act, the College is required to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves a serious, immediate, or continuing threat to the health or safety of students or associates.

IV. Scope

This policy applies to the entire SCHS community, including students and associates.

V. Policy Details

Emergency Notifications

The College will provide notification of any significant emergency or dangerous situation occurring on campus. Examples include, but are not limited, to:

- Fire within campus buildings
- Outbreak of meningitis, norovirus or other serious illness
- Approaching tornado, hurricane or other extreme weather conditions
- Earthquake
- Gas leak
- Terrorist incident
- Active shooter
- Bomb threat
- Civil unrest or rioting
- Explosion
- Nearby chemical or hazardous waste spill.

Timely Warning

Timely warning notices are specifically related to compliance with the Clery Act. The College will provide a warning to the SCHS community of Clery Act crimes which pose a serious or continuing threat to students and associates as soon as pertinent information is available. Timely warnings will be sent via cell phone text messages and email. The Emergency Text Messaging System is available to students, faculty, and staff. The Emergency Text Messaging System is periodically checked to ensure timely delivery of accurate information.

Specific crimes requiring a timely warning include, but are not limited, to:

- Criminal homicide
- Sex offenses
- Robbery
- Aggravated assault
- Burglaries (occupied structures)
- Hate crimes
- Persons with weapons with intent to use
- Threat of violent crime.

Emergency notifications and timely warnings are designed to heighten safety awareness and to provide information that may lead to arrest and conviction of the offender when violent crimes against persons or substantial crimes against property have been reported. Every attempt will be made to distribute the

Alert promptly; however, the release is subject to the availability of accurate facts concerning the incident.

The Dean of Administration, in consultation with the Chancellor, BSMH Higher Education Institutions, and the SCHS Campus Director and Dean of Academic Affairs, determines the need to issue emergency notifications and timely warnings, as well as which segment(s) of the campus community receives notifications.

The Campus Emergency Notification / Timely Warning format typically includes the following information:

1. A succinct statement of the incident including the time and location of occurrence.
2. Any connection to previous incidents.
3. Physical description and/or composite drawing of the suspect, if appropriate.
4. Date and time the Notification or Warning was released.
5. Other relevant and important information.
6. Appropriate safety tips and/or specific advice for the campus community.

In the case of an emergency, all associates and students who have signed up for emergency notifications through the Rave Alert system and Campus Nexus Portal, respectively, will be sent a message (via text, email, or voice) to their preferred emergency contact methods. The message will state the emergency as well as any actions to be taken.

Reporting Crime on Campus:

Community members, students, associates, and guests are encouraged to report all crimes and public safety related incidents to the Dean of Administration or other SCHS official in a timely manner. Campus security is available during building operating hours, which are communicated to the campus community via the College website. In the event of criminal activity, contact campus security at 804-706-8051, dial 911 from your personal telephone, or dial 9-911 on house telephone for help and report to a SCHS administrator. Members of the campus community are urged to report any criminal activity related to campus operations to local police (Henrico County).

The Dean of Administration is responsible for maintaining a record of all crimes reported on campus and reporting that information in the Annual Security Report (ADM 9.03). All crimes may be reported by calling the Colonial Heights Police Department at (804) 520-9300 or by logging onto the College's website at <https://www.schs.edu/report-incidentcrime> and choosing a crime reporting option, including anonymous reporting.

Security Awareness

The cooperation and involvement of everyone in the campus safety program is absolutely necessary for the program to succeed. Students, faculty, and staff must assume responsibility for their own personal safety and the security of their belongings by taking simple, common-sense precautions. Students, faculty, and staff should always report any suspicious activity to Administration.

The College encourages all students, faculty, staff and visitors to take an active role in their own safety and security while on campus. Additional guidelines are provided in the Campus Safety Manual to help maintain a safe environment for everyone at the College.
